Desert Mountain Foundation
Benefiting our Employees & Community
Remember when the game was fun?

so do we.

The Retreat at Seven Desert Mountain™ introduces a new way to live and play on a golf course. The home designs are youthful and spirited, with energetic spaces and relaxing places. We invite you to come discover the most fun you can have on and off the golf course.

Be one of the first owners and receive a $50,000 Design Center Shopping Spree!*

Brought to you by the Desert Mountain Foundation, the Home & Lifestyle Party is a fun way to support the Scholarship Fund benefiting our employees.

- Visit with our sponsors who offer Best-In-Class services and products
- Learn from the sponsors who are giving demonstrations in the Ladies’ Library
- Meet some of our Scholarship Recipients (wearing special tee-shirts)
- Enjoy the Delicious Appetizers and Beverages prepared by Desert Mountain Chefs and Staff
- Mingle with your Friends and Neighbors as we celebrate the start of the winter season
The Scholarship Fund

Since its inception seven years ago, the Foundation has awarded more than $266,000 in scholarships to nearly 200 deserving employees and their family members. These scholarships change people’s lives!

Each year hopeful students can apply confidentially on the Foundation website. An independent group of readers, made up of Desert Mountain members and homeowners, evaluates each application according to financial need, academic performance and personal goals. The application deadline is early March and by late April, students are informed of their awards. The Foundation pays the institution directly rather than the student.

We hope during the Home & Lifestyle Party you met some of the students who have benefited from the Foundation’s scholarship program. The list of this year’s scholarship recipients is located at the back of this program.

By collecting a fee of between $10,000 and $1,500 from the exhibitors and demonstrators at this event, the Desert Mountain Foundation Scholarship Fund raises some of its much-needed funds.* Dedicated volunteers and board members make the Home & Lifestyle Party possible, so that 100% of the money raised goes directly to the Scholarship Fund.

Finally, the Desert Mountain Foundation couldn’t meet the needs of our current and future scholars without your help. Each year, many generous members make personal donations to the scholarship fund.* Please find it in your heart to continue or begin your support today! It’s easy to do; just go online to www.desertmountainfoundation.org and click on the “Donate” button. Then choose the Scholarship Fund.

If you would like to get involved in or learn more about the Desert Mountain Foundation Scholarship Fund, visit the member website and click on the “DM Gives Back” button.

Other Funds We Support

Please visit the “DM Gives Back” section of the Club website to learn about two other tax advantaged funds. The Helping Hands employee hardship fund assists Club and HOA employees who face a financial crisis due to a clearly defined set of negative circumstances (such as serious illness, accident, house fire…). The Foundation also aligns with the Desperados Trail Scouts, who are dedicated to improving the community and outdoor activities.

*Note: The small fee each member or homeowner pays to attend today’s event covers the costs of the wonderful food and beverages available during the party. It is not a charitable donation.
THANK YOU!

To the generous companies who supported this year’s HOME & LIFESTYLE PARTY benefiting the Employee Scholarship Fund! Please help us say Thank You by choosing them as a preferred vendor for your home.

The insulated sprayed cork material is a sustainable product as the bark from the cork trees is harvested and the trees are saved. It sprays on just like paint and a 1/8" thickness provides an R value of 15. The properties of the cork material are flame retardant up to 1,700 degrees F, mold proof, water resistant, breathable, flexible (no more cracks seen in stucco), acoustic reduction (10-12 decibels), thermal barrier (surface never gets above 86 degrees F or below freezing). Save money on your electric bill!
