THE SCHOLARSHIP FUND

Since its inception eight years ago, the Foundation has awarded $336,000 in scholarships to over 200 deserving DM and HOA employees and their family members. These scholarships change people’s lives!

Each year hopeful students can apply confidentially on the Foundation website. An independent group of readers, made up of DM members and homeowners, evaluates each application based on criteria established and reviewed each year that include, among others, personal goals and academic performance. Awards are granted in April and the money is paid directly to the education provider.

The DMF couldn’t meet the needs of our current and future scholars without your help. 2020 has been an extraordinary year on so many levels. Our Home & Lifestyle Party has been cancelled and our fundraising efforts have had to change. One thing that won’t change is the fact that many DM members will continue to donate individually to our Fund. It’s easy; just go to www.desertmountainfoundation.org and click on the “donate” button, choose the Scholarship Fund.

OTHER FUNDS WE SUPPORT

Please visit the “DM Gives Back” section of the Club website to learn about two other tax advantaged funds. The Helping Hands employee hardship fund assists Club and HOA employees who face a financial crisis due to a clearly defined set of negative circumstances (such as a serious illness, accident, house fire…). The Foundation also aligns with the Desperados Trail Scouts who are dedicated to improving the community and outdoor activities. All the DMF Funds are managed by the Arizona Community Foundation which has nearly $1Billion in assets under management.

A few years ago, when Phil Igneri met husband-wife couple, Viola Tagliaferri and Federico Venturini, they knew that it was the start of something magnificent. On a trip to their hometown in Gualdo Tadino, Italy, Phil stayed with the couple at their family farm and saw the love and passion for traditional Italian cuisine and genuine conversation.

Today, the trio is bringing that same passion into Cave Creek, Arizona.

A global wine list, an innovative and classic cocktail list, the entire experience is meant to be unique.

With features of authentic Italian pasta dishes and entrees featuring Terre e Mare (Land & Sea), Chef Viola strives to bring you as close to Italy as possible. It’s their goal to transport you, immerse you in culture and allow you opportunity to slow down and cherish the ones you’re dining with. That’s why, one simple truth is held dear at Pomodoro - that time is the greatest gift that you can give.

In the old Cartwright’s building, private dining options are available for groups, weddings, business events & holiday parties.

---

The insulated sprayed cork material is a sustainable product as the bark from the cork trees is harvested and the trees are saved. It sprays on just like paint and a 1/8" thickness provides an R value of 15. The properties of the cork material are flame retardant up to 1,700 degrees F, mold proof, water resistant, breathable, flexible (no more cracks seen in stucco), acoustic reduction (10-12 decibels), thermal barrier (surface never gets above 86 degrees F or below freezing). Save money on your electric bill!
