Introduction
The Arizona Community Foundation of Yuma, founded in 1993, leads, serves, and collaborates to mobilize enduring philanthropy for a better Yuma County. ACF of Yuma is an endowment organization that connects community needs to donors who have a passion for meeting those needs. Thanks to the individuals, families, and corporations who have created more than 70 philanthropic funds, ACF of Yuma invested over $1 million in grants and programs to the community last year. With assets exceeding $19 million, it has provided more than $10 million to the Yuma community since inception. ACF of Yuma has been able to increase their competitive grant-making activities in Yuma County through generous annual contributions from Sturges Charitable Trust.

Important Definitions

Capacity Building Grant - Grants intended to strengthen the management capacity of nonprofits in ways that will enhance institutional and programmatic development and enable the NPO to further its mission.

Capital Campaign - A capital campaign is an organized drive to collect and accumulate substantial funds to finance major needs of an organization, such as a building or major repair project, or to build endowment. Endowment is considered a capital asset.

Challenge Grant - A grant that is made on the condition that other monies must be secured, either on a matching basis or via some other formula, usually within a specified period of time, with the objective of stimulating giving from additional sources.

Community Foundation - A community foundation is a tax-exempt, nonprofit, autonomous, publicly supported, philanthropic institution composed primarily of permanent funds established by many separate donors for the long-term diverse, charitable benefit of the residents of a defined geographic area. Typically, a community foundation serves an area no larger than a state. Community foundations provide an array of services to donors who wish to establish endowed funds without incurring the administrative and legal costs of starting independent foundations.

Community Fund - A community fund is a local “savings account” where charitable donations are collected to serve a broad array of needs within a defined geographic area. Community funds are endowments — permanent funds in which the principal is invested, with a portion of the returns awarded locally as grants and scholarships. The Fund continues to grow forever, creating a permanent source of financial support for local needs. Community funds are developed by local citizens and built with gifts from many people, corporations and service organizations. They are guided by a local advisory panel that is empowered to award grants.

Fiscal Agent - a nonprofit 501(c)(3) organization that agrees to accept and be responsible for grant monies on behalf of the nonprofit grantee.

Form 990/Form 990-PF - The IRS forms filed annually by public charities and private foundations respectively. This information can be accessed at www.guidestar.com.

Funding Cycle - A chronological pattern of proposal review, decision making, and applicant notification.

**Grant Application** - The medium in which to submit a grant request. Applications are posted and accessed via the Arizona Community Foundation website. The site outlines the grant eligibility requirements, focus area and application questions.

**Grant Proposal** - The document that makes up a grant request. The proposal is the final product of answering all application questions. It is the document that is submitted through the online application and is used in grants review. Once saved, it can be accessed through the organizational profile.

**Grantee** - The individual or organization who/that receives a grant. Grantees for Community Foundations funding may be 501(C)(3) organizations, public schools, municipalities, and American Indian Tribes.

**Operating Support** - A contribution given to cover an organization's day-to-day, ongoing expenses, such as salaries, utilities, office supplies, etc.

**Philanthropy** - Philanthropy is defined in different ways. The origin of the word philanthropy is Greek and means "love for mankind." Today, philanthropy includes the concept of voluntary giving by an individual or group to promote the common good. Philanthropy also commonly refers to grants of money given by foundations to nonprofit organizations. Philanthropy addresses the contribution of an individual or group to other organizations that in turn work for the cause of alleviating poverty or social problems, thereby improving the quality of life for all citizens. Philanthropic giving supports a variety of activities including research, health, education, arts, and culture, as well as alleviating poverty.
