COLLEGE

This year marks our ninth annual Cash for College. The focus of the event remains the same: informing students about the opportunities for financial support in pursuing their educational goals. Whether you are attaining a secondary education at a university, community college, career/technical school, or are returning to school after a pause in your education, many opportunities await you!

We know you have a lot to think about as you plan your next steps. We hope you use this resource as you apply to colleges and career/technical schools. Keep the search going with platforms like [College Board](#), [FastWeb](#), and [Unigo](#), and never use a scholarship service that requires you to pay. Good luck as you apply for scholarships!
