Funding Request Range

The Arizona Community Foundation of the Gila Valley will accept only one application from each qualified organization. Grant proposals may range from **\$250 to \$5,000**. While the generally accepted limit for grants is \$5,000, an application with a request up to **\$10,000**, that is exceptionally well-written and addresses an urgent or highly significant community need, may be considered. This is subject to funding availability. Not all grant applications will necessarily be partially funded or fully funded.

Funds can be used to:

- build the capacity of the organization
- support direct service projects and programs
- support capital expenditures. Please review the funding range available
- provide general operating support and indirect/direct administrative costs
- support one-year and/or renewable funding proposals (there is no guarantee of second year funding)

Eligibility Quiz/Criteria

You will be required to disclose if your organization meets the criteria listed below before you get access to the application.

- The applicant organization is fully authorized by its board and other applicable partners/collaborators to submit this application.
- I understand that my organizational profile should be up to date. To do so, I will contact grants@azfoundation.org
- Is your organization (or fiscal sponsor) a 501(c)(3) organization, school, municipality, or tribal entity that operates with fiscal accountability and responsibility? Religious organizations may apply for funding of non-sectarian programs.
- I have downloaded the latest guidelines and questions document.
- ACF requires all applicants for grants to comply with its non-discrimination policy. Please confirm that the organization applying for this grant does not unlawfully discriminate against employees, volunteers, board members, or the members, clients, or students it serves on the basis of race, color, religion, gender, national origin, age, medical condition, veteran status, marital status, disability, ancestry, sexual orientation, or any other characteristic protected by law.
- My organization has current tax-exempt status. Applications from organizations with a non-exempt status at the time of submission will be declined.
- I understand that, if funded, a report on expenditure of funds will be due approximately one year from the funding date. I will receive notification of this date, and instructions for completing this report, through email. Should I not receive this notice, I will contact ACF for instructions.
- My project or program will serve residents of Graham or Greenlee counties. This is based on donor intent when funds were established.
- If your organization received a grant in 2022, you must have completed the final report for that grant by the 2023 deadline. If a final report was not submitted by the deadline, this will result in a declined application.
- I understand that my application will not be reviewed by the grant panel if it is incomplete.

For information or to apply, go to the Arizona Community Foundation's grants page at www.azfoundation.org/grants.

Background

The mission of the Arizona Community Foundation of the Gila Valley is to develop a legacy of giving in our communities to enhance the quality of life in Graham and Greenlee counties. The Arizona Community Foundation of the Gila Valley is an endowment organization that connects community needs to donors who have a passion for meeting those needs. We are a region of the statewide Arizona Community Foundation (ACF), and we serve Graham and Greenlee counties. Since 1993, the Arizona Community Foundation of the Gila Valley has developed four separate funds with assets more than \$1 million. The Arizona Community Foundation of the Gila Valley has awarded over \$3.5 million to the local nonprofit organizations, schools, and municipalities meeting local needs.

Please note: Applications that support event sponsorships or fundraising events CANNOT be considered for funding.

If you are a **grant writer working with more than one agency**, inform the regional office of each organization for which you have written a grant prior to the close of the application portal. You must email Colleen Luliucci at ciuliucci@azfoundation.org with the list of organizations you represent.

Each organization can submit one standalone application. The grants portal tracks this by EIN number, hence each EIN number can only appear once in the grant cycle.

Exceptions:

- The applicant is a chapter or affiliate of a local or national nonprofit organization. The local nonprofit organization may submit one application, the chapters or affiliates need to be included within that one application.
- The applicant is within a school district. You may submit one application per school.
 - If several schools are applying for the same project, please treat it as one, collaborative application.
 - A district may apply separately for a project-different from those for which the schools apply.
 - The district office will have a contact person to approve and track the applications.
- The applicant is part of a government establishment or tribal entity. You may submit one application per department.
 - If several departments are applying for the same project, please treat it as a collaborative application.
- The applicant is within a university. You may submit one application per college/school.
 - The university will have a contact person to approve and track the applications.
- Colleges can submit one application.

- A fiscal sponsor may submit one application, whether that application is for your organization or as a fiscal sponsor for another organization. A copy of the agreement between the fiscal sponsor and sponsored organization is required. This agreement needs to outline the relationships and that the fiscal sponsor organization is responsible for the funds. The agreement should be signed by the sponsor and sponsored.

Review and Evaluation Process

All applications will be reviewed through a competitive evaluation process and ratified by the Arizona Community Foundation of the Gila Valley Board of Advisors. Reviewers will read applicants' online profiles on the ACF website to obtain information on the organization.

Please be sure to update your organization's profile before submitting your application. To update your organizational profile, email grants@azfoundation.org.

- Applications are reviewed and evaluated by peer panels, comprised of volunteer community leaders who assess their strengths and weaknesses according to evaluation criteria.
- Evaluation criteria consists of a point system awarded for alignment with the applicant's mission, clearly defined community need, populations served, comprehensive project plan and clear outcomes, defined community impact, appropriate project collaboration among other organizations, and a reasonable budget.

Organization Workforce and Board

ACF acknowledges the many ways organizations choose to organize themselves and that not all organizations are managed by paid permanent staff. "Workforce" is defined as a group of persons who hold decision-making authority over an organization's programs and operations. This may include full-time or part-time paid employees, long-term committed volunteers, and/or paid contractors.

Provide a current workforce tally.

Enter zeros or decimals to describe the reality of your organization's workforce. For example, if your organization does not consider its core volunteers or paid contractors to have organizational decision-making authority or to be part of its ongoing workforce, enter zero in those fields. If your organization is staffed by one part-time employee, you would enter 0.5 FTE (Full-Time Equivalent).

- FTE (Full-Time Equivalent) paid employees: __
- Long-term committed volunteers: __
- Paid contractors/Other: __

ACF acknowledges that while most applicants are nonprofit organizations with boards of directors, trustees, or advisors, other eligible applicants may be governed by different types of oversight bodies. "Board" is defined as a group of persons who are responsible for an organization's high-level strategy, oversight, and accountability.

Provide a current board tally, as in number of active members.

Workforce and Board: Describe how your workforce and board are representative of the community/population who will benefit or receive service from your project. (Character limit 1500)
