The ACF Investment Committee is a standing committee of the ACF Board of Directors. The Committee has ultimate responsibility for the prudent management and oversight of ACF's investment program. It is responsible for all key decisions related to the investment pools including investment policy, strategy, and asset allocation. The Committee is comprised of experts in finance, investments, and related fields, and includes members of ACF's Board of Directors (Director Members) as well as members from the community-at-large who have volunteered to provide their expertise (Community Members).
